UPMENTUM CONSULTING MODELS

SUBSCRIPTION
UpMentum monthly. The most effective way to leverage our services, setting aside a number of hours each month devoted directly to your company and making it great. Also our deepest hourly discount.

HOURLY
We work when you want us to work, day or night, except that pure hourly engagements are not afforded the discount that a subscription model may receive.

FIXED FEE
On a per-project basis. Great for limited projects, with appropriate scoping and a clear understanding of deliverables.

EQUITY
Equity models are for our most in-depth engagements and clients that require the highest touch from our services. We recommend equity in very select circumstances, and work with the client to understand the implications of equity sharing.
